

My dog rules for the Ramsi holiday!

We dogs are welcome at Ramsi!

However, I understand that I am not allowed to be in the restaurants (except Ramsi-Bar), in the wellness area, on the play and sunbathing lawn, by the children's play facilities, in the sandpit, etc.

I do not howl and bark when I have to wait alone and do not disturb the other hotel guests.

I do not eat any inventory and do not sleep in bed or on the sofa. For hygienic reasons, I only lie on my personal dog blanket or in my basket.

For towels to dry off, my master/mistress turns to a housekeeping staff member. She will be happy to provide suitable towels for me.

For the protection of the housekeeping team, I am not in the room during cleaning time. The master/customer discusses certain cleaning times with a housekeeping staff member.

I am well behaved and walk on a leash in the hotel grounds and in the adjacent forest. Furthermore, I am considerate of other people and the animals in the hotel.

My master/mistress uses the dog excrement bags from the dispenser at the dog run for me on my walks.
